Programme highlight

The symposium will gather the prominent stakeholders in the Hong Kong construction industry to share the latest information and measures in enhancing safety. Representatives from the Labour Department, client, contractor, safety consultant and academics are invited to make a presentation.

Purposes of the symposium:

- To update the latest legislation and industry’s measures to enhance safety in construction.
- To review safety management system and risk management in construction.
- To review the safety of temporary works.

For enquiries, please email Ir Dr. S. W. Poon at <swpoon@hkucc.hku.hk>
