

## Conference Theme

Hong Kong has a world-class and sophisticated transport network and health and safety is an important aspect for different means of transportation including railway, aviation and marine. With the commencement of major infrastructural and transportation projects in Hong Kong, this will pose austere challenges to health and safety. This Annual Conference will bring together the health and safety professionals, practitioners and advocates to discuss and share good practices and expertise. It will consist of different presentation topics in health and safety of transportation and construction development. This is your good chance to learn and take back good initiatives to propel health and safety development in Hong Kong.

## Conference Venue

4/F, North Tower, Assembly Hall, YMCA of Hong Kong, 41 Salisbury Road, Tsimshatsui, Kowloon, Hong Kong.
