

## **Technical Seminar on “Nuclear Energy Safety – Necessary Evil or Unwanted Risk?”**

Jointly organised by Nuclear Division, Young Members Committee and Hong Kong Nuclear Society)

**Date, Time & Venue :** 3 September 2012 (Mon); 6:30pm - 8:00pm; Room FJ304, PolyU, Hung Hom, Kowloon ; refreshment at 6 p.m.

### **Programme Highlights :**

Some people are concerned with the safety of nuclear energy and take it as an unwanted risk in particular after the nuclear power plant accident at Fukushima last year. However, in view of the practical limitations of various energy options, there are supporters who believe that nuclear energy is indispensable and its presence is necessary evil which can be controlled. The speakers from HKNS and Nuclear Division will present topics on the different issues of this dilemma. Following the speeches, there will be a forum to explore the arguments as well as to invite questions and views from the floor.

### **Speakers :**

Ir Dr B.L. Luk- the Immediate Past Chairman of Nuclear Division of the Hong Kong Institution of Engineers (HKIE) and a member of Energy Advisory Committee of HKSARG.

Ir Dr K.W. Tong – the Chairman of Nuclear Division of the Hong Kong Institution of Engineers (HKIE) and Project Manager, MTR Corporation Limited

### **Registration & Enquiries :**

This seminar is free of charge and prior registration is required. The number of participants is limited to 140 and the seats will be allocated on a first-come-first-served basis. Please register via email [nuclear@ne.hkie.org.hk](mailto:nuclear@ne.hkie.org.hk).
