## WHAT IS THE ASIA RISK MANAGEMENT SUMMIT?

The Asia Risk Management Summit has been designed specifically for the business needs of risk managers and CFOs from major corporations based in South East Asia, in particular Hong Kong.

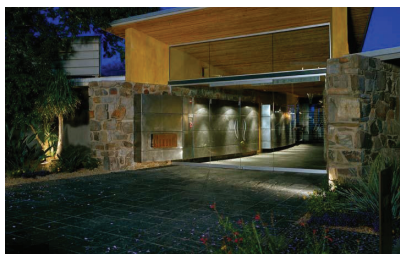

Focused around a series of in-depth discussions and lively panel debates, this two day event, hosted by *Asia Insurance Intelligence* magazine, will provide you with a **comprehensive overview of the industry landscape** and the key opportunities and challenges affecting risk managers in the region today.

With all content created via close consultation with senior risk management professionals, the **Summit has been specifically designed for your needs**, focusing on the

issues, challenges and opportunities you face in your role.

The educational programme is complemented by a series of informal and formal networking activities taking place across the two days, including a drinks reception and lunches, allowing you to make valuable new contacts with other leading risk managers and insurance professionals from Hong Kong and other major Asia markets.

As an **invitation only, closed gathering of senior risk managers and C-level executives**, the Summit is a **unique opportunity to engage with your peer group** on a one-to-one basis in a relaxed yet very confidential environment.
